Aimed at staff with lead and management responsibility for endoscope decontamination, the day will focus on the management skills required to lead teams to deliver excellence in endoscope decontamination.

The expert speakers will be providing an essential overview from legislative requirements, microbiological facts to practical advice to ensure your department is effective and compliant.

The day will be headed by **Mr Floyd Woodrow**, renowned speaker on leadership and performance and one of the youngest soldiers to be selected for the elite SAS. Floyd will be presenting on leading teams in high pressured environments.

Speakers also include:

**Dr Helen Griffiths**,  
Decontamination Advisor,  
British Society of Gastroenterology

**Helen Campbell**,  
Decontamination Manager,  
Portsmouth Hospitals NHS Trust

**Mr Wayne Spencer**,  
Authorising Engineer Decontamination
